6.30PM (Reception) · 7.00PM (Dinner)

Pan Pacific Singapore, Pacific Ballroom

Guest-of-Honour

Mr Tharman Shanmugaratnam

President of the Republic of Singapore

PRICELESS

TRANSFORMING COMMUNITY CARE • 25 YEARS & BEYOND

TRANSFORMING COMMUNITY CARE TOGETHER

The SLEC Community Transformation Fund focuses on reframing the narrative of ageing - **driving innovation, collaboration and education** to transform community care across Singapore.

SLEC invites like-minded partners and donors to join us in achieving a **\$30 million target in our Community Transformation Fund over the next five years**. The Fund supports initiatives under six key pillars to better serve our community in the years to come.

Innovate

Innovating models of care through digitisation, digitalisation, and research in our areas of excellence. This entails **adopting advanced technology and research approaches** to boost operational efficiency, enhance the accessibility of services and elevate overall quality of care provided to elders.

Mentor

Leading the charge in forging community-centric academic collaborations with institutions of higher learning and appointing academic fellows to **mentor and guide research endeavours aimed at innovating new care models**.

Programme

Developing and scaling carefully tailored **graceful ageing programme** for elders across the care continuum - from frail to agile, while also **professionalising initiatives** that align with our GRACE model of care, emphasising holistic and personalised approaches to ageing that prioritise the elders' individual needs and well-being.

*The work that SLEC does is priceless.
The joy that our elders receive is priceless.
Join us in building communities
transformed by care.*

Advocate

Strengthening **thought leadership and knowledge sharing** within the community care sector and advocating impactful changes which may influence community care policies and elevate standards of community care across Singapore.

Connect

Fostering a **collaborative ecosystem** with both **internal and external stakeholders** to support ageing-in-place initiatives, facilitating intergenerational connections, and forming consortiums with like-minded partners to enhance community well-being and sustainability.

Train

Continual **upskilling and reskilling of healthcare professionals, volunteers and caregivers** to meet the evolving industry demands. This includes providing **professional development opportunities** for future-ready leaders in community care, facilitating career transitions into the care economy, and enabling senior staff to adapt to new roles.

Innovate, Mentor, Programme, Advocate, Connect and Train (IMPACT)

As St Luke's ElderCare (SLEC) commemorates its 25th anniversary this year, we are also celebrating what is truly priceless to us – the lives, sacrifices and stories of countless elders, care heroes, and partners.

Every individual is akin to a precious pearl, radiating light and grace amid life's challenges.

By 2030, one in four Singaporeans will be aged 65 and above. For our elders, we are committed to doing whatever it takes to protect these treasures placed in our care.

It is time to reframe the narrative of ageing to meet the growing demands and rapidly evolving needs in the community. We are re-envisioning community care through three key areas - innovation, collaboration, and education - to make a greater impact on our elders and community.

SLEC is launching the SLEC Community Transformation Fund to prepare for the future of ageing, aiming to raise \$30 million over the next five years. We invite you to join us in transforming community care and empowering our elders to age gracefully.

This is priceless.

If you would like to schedule a chat or learn more about each IMPACT area, kindly contact the respective Fundraising Managers. Please refer to the attached name card for their contact information.

Again, the kingdom of heaven is like a merchant seeking beautiful pearls, who, when he found one pearl of great price, went and sold all that he had and bought it.

Matthew 13:45-46
